Fontaine, the 19/01/2021

Dear Sir,

We hereby confirm that this equipment identified below has passed successfully the tests according to articles 4.3, 4.4, 4.5 and 4.6 of the standard EN 353-2:2002 and to the European coordination sheet PPE-R/11.062 version 1:

- Apave file: 20.1643
- Trademark: TAZ
- Model: LOV3 + LOV.ROPE
- End of tests: 15/10/2020

Neither the instructions for use, nor the marking were assessed according to the standard EN 353-2:2002.

The standard EN 353-2:2002 cannot be claimed because the equipment does not respond to the definition according to article 3.2 of that one. Indeed, during the downward, the equipment does not accompany the user without requiring manual adjustment. Therefore, the equipment is not a PPE comply with the standard EN 353-2:2002.

Important: this document does not constitute an EU type examination certificate issued by the Notified Body APAVE.

We remain at your disposal for any information.

The technical assessment manager

CINDY BOUIN
